Aircraft offered subject to prior sale, inspection, verification of specifications & withdrawal from market

Brokerage and Acquisition Services

Gantt Aviation has over forty years of experience acquiring, selling, and brokering aircraft all around the world. Our knowledge of the global aircraft sales and acquisitions market allows us to consistently deliver top results for our clients. Our decades of experience in aircraft acquisitions have shown us that every purchase, sale, and trade is different. Every jet and every turbo prop has its own history; its own unique flaws, strengths, and value.

Custom Aircraft Solutions

At Gantt Aviation, we aren't just an aircraft sales company – we're aircraft owners just like our clients. We've gone through the process of purchasing and selling our own jets countless times, Gantt Aviation is uniquely qualified to help our clients find and purchase the right jet for their needs. Many jet aircraft brokers aren't themselves jet owners. They've never piloted planes and often aren't familiar with the complexities of aircraft maintenance.
